CREATING A CULTURE OF INNOVATION

E-commerce, short for electronic commerce, refers to the buying and selling of goods and services over the internet or other electronic channels. It has become a significant part of the global economy and has transformed the way businesses and consumers interact. Here are some key aspects and components of e-commerce:

1. Mobile Commerce (M-Commerce)

IMPORTANT INFORMATION

ONLINE SERVICES

E-commerce often involves online stores or websites where businesses display their products or services.

DIGITAL PAYMENTS

E-commerce relies on digital payment methods, such as credit cards, digital wallets (e.g., PayPal, Apple Pay), and online banking, to facilitate transactions.

SECURITY

Security is paramount in
